DOTS

LIVING

DECOR OF TRUE SUBSTANCE

BRAND STORY

The Soul Behind Dots Living

Born in the vibrant lanes of Jaipur, DOTS Living began as a bold little idea: that rugs could be more than décor — they could be floor art. What started as a homegrown dream has grown into a craft-forward design house committed to elevating everyday spaces.

We honour the roots of Indian craftsmanship while pushing the boundaries of modern design. Every DOTS piece is a conversation between heritage techniques and imaginative storytelling.

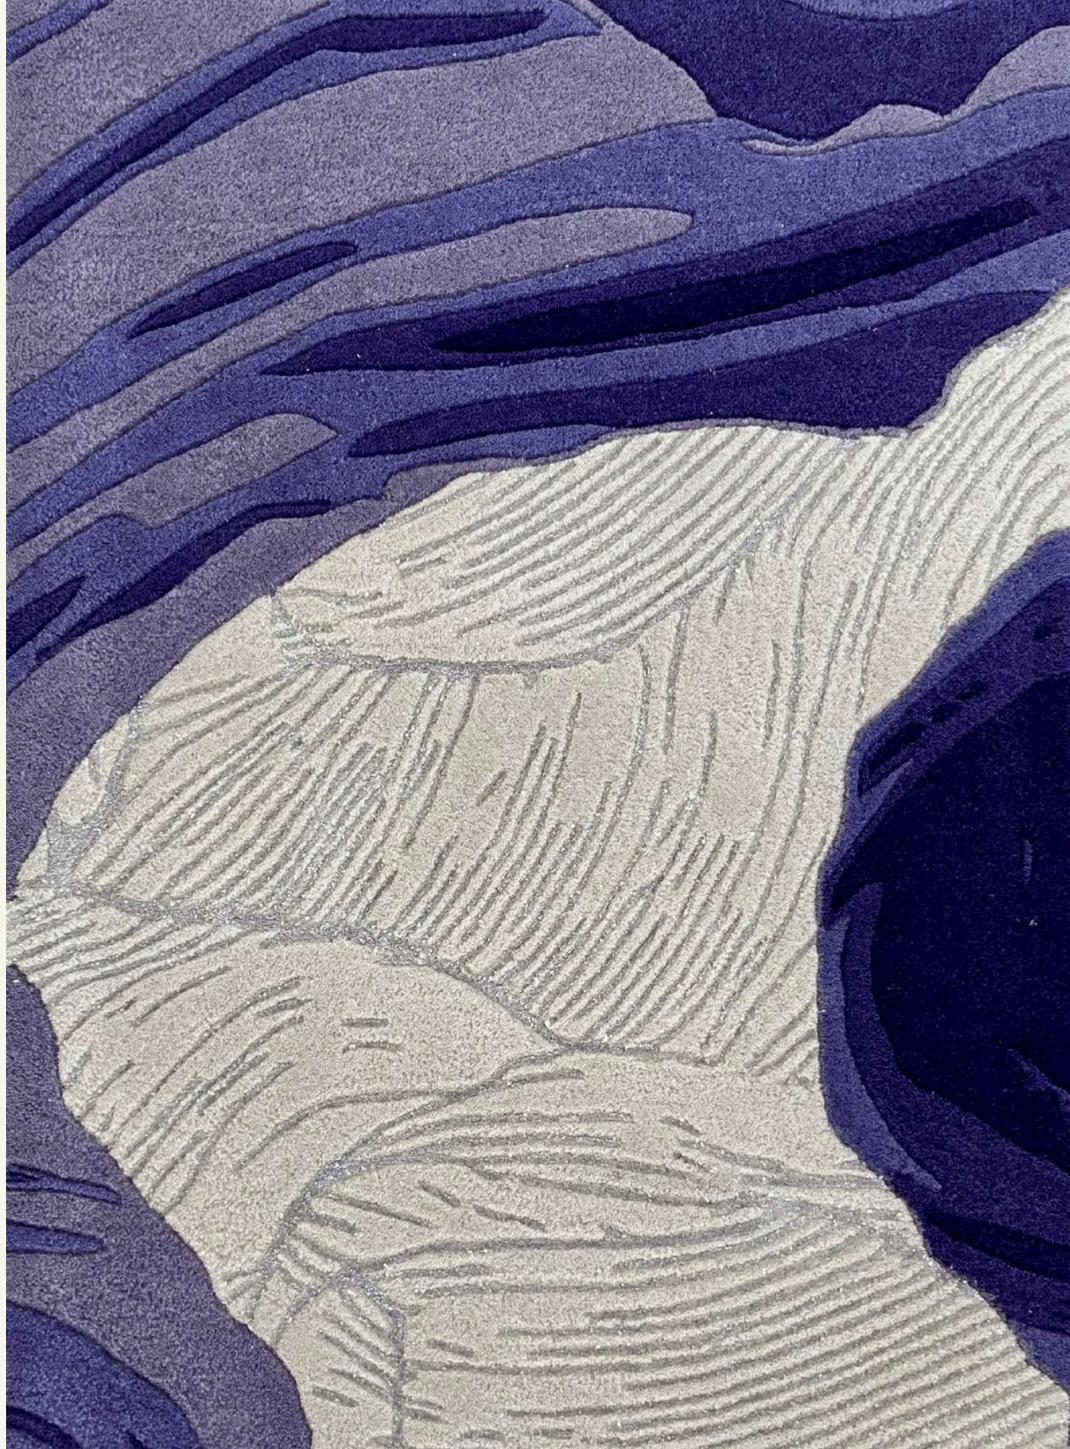
A BOLD LITTLE RUG COMPANY

A homegrown venture rewriting (and perfecting) what it means to walk all over art.

We're designers, dreamers, and doers who craft handmade and hand-tufted rugs that don't just fill floors — they redefine spaces.

At DOTS Living, Decor Of True Substance isn't just our name — it's our philosophy. Beauty on the surface means nothing without the story, skill, and soul woven underneath.

Here, tradition meets trend, and craft meets curiosity. Our collections are shaped by forecast-backed intuition and inspired by everything from art history to the toy chest.



OUR DESIGN PHILOSOPHY

Where Craft meets Curiosity

Our creative process blends intuition with research — design forecasting, trend studies, historical references, and playful imagination.

We draw inspiration from:

- Art history
- Architecture
- Fashion and interior trend reports
- Everyday objects, stories, and even toy chests

Our rugs aren't just made — they're imagined, explored, sampled, refined, and finally brought to life with artisanal mastery.

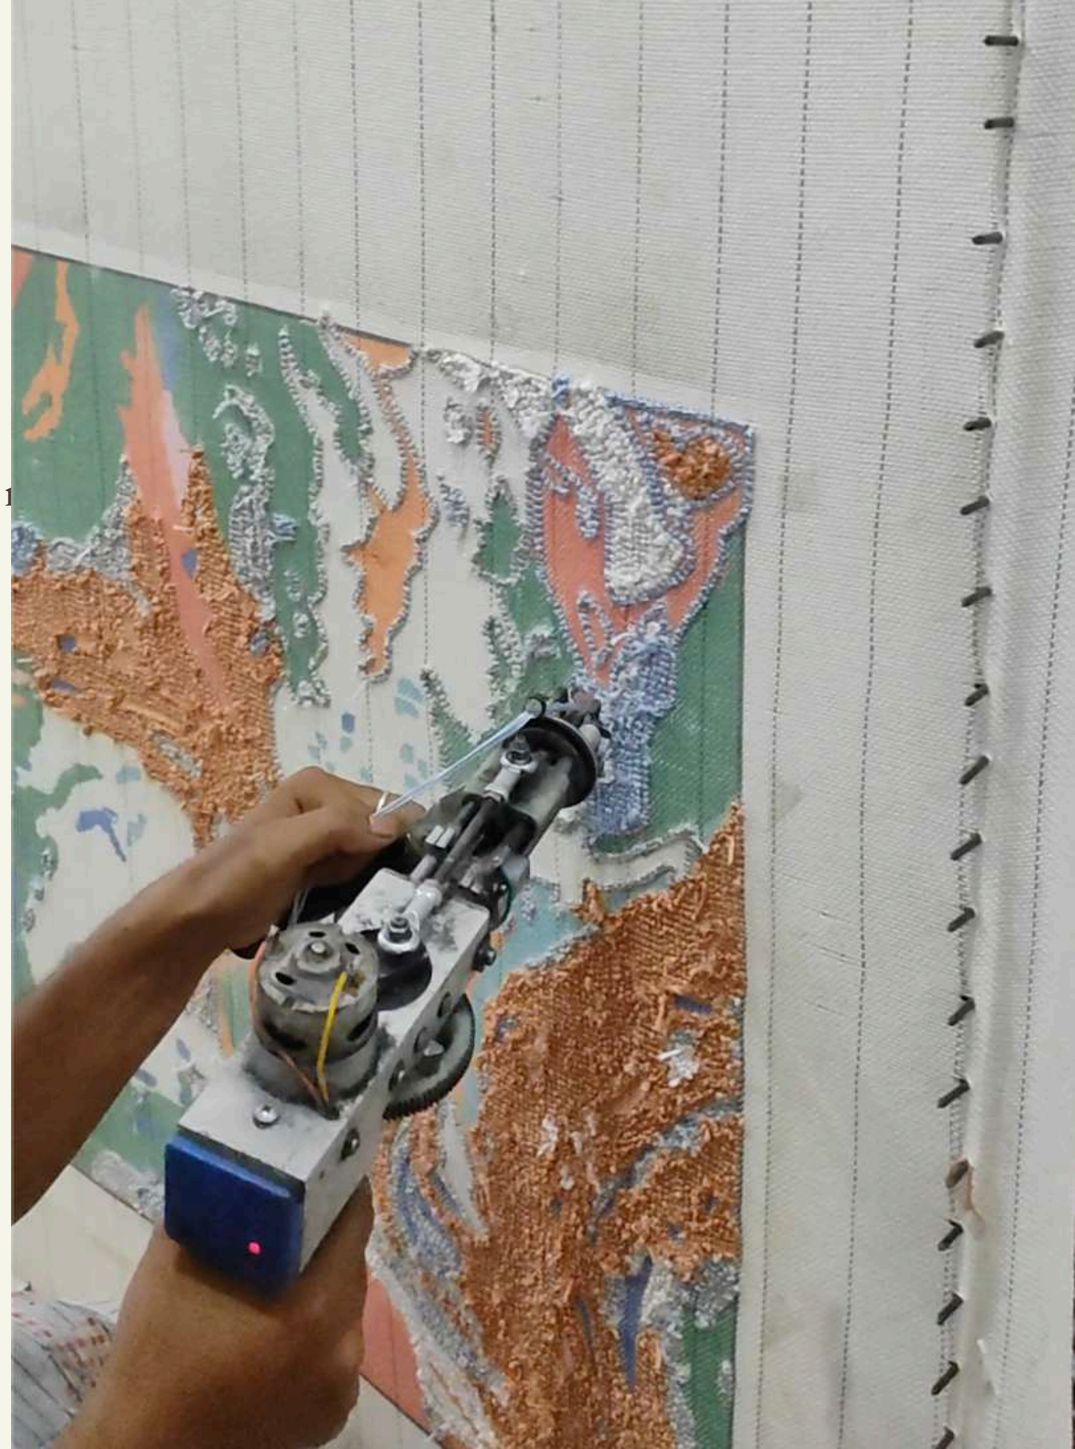
OUR BRAND DNA

Why DOTS exists: To make floor art that's meaningful, modern, and masterfully r

Our Pillars:

1. **Authenticity**: Every rug is handcrafted — never mass-produced
2. **Design-Led**: Trend-backed, intuition-driven collections
3. **Ethical Craft**: Because beauty without integrity means nothing
4. **Community First**: Artisan empowerment, women-led leadership

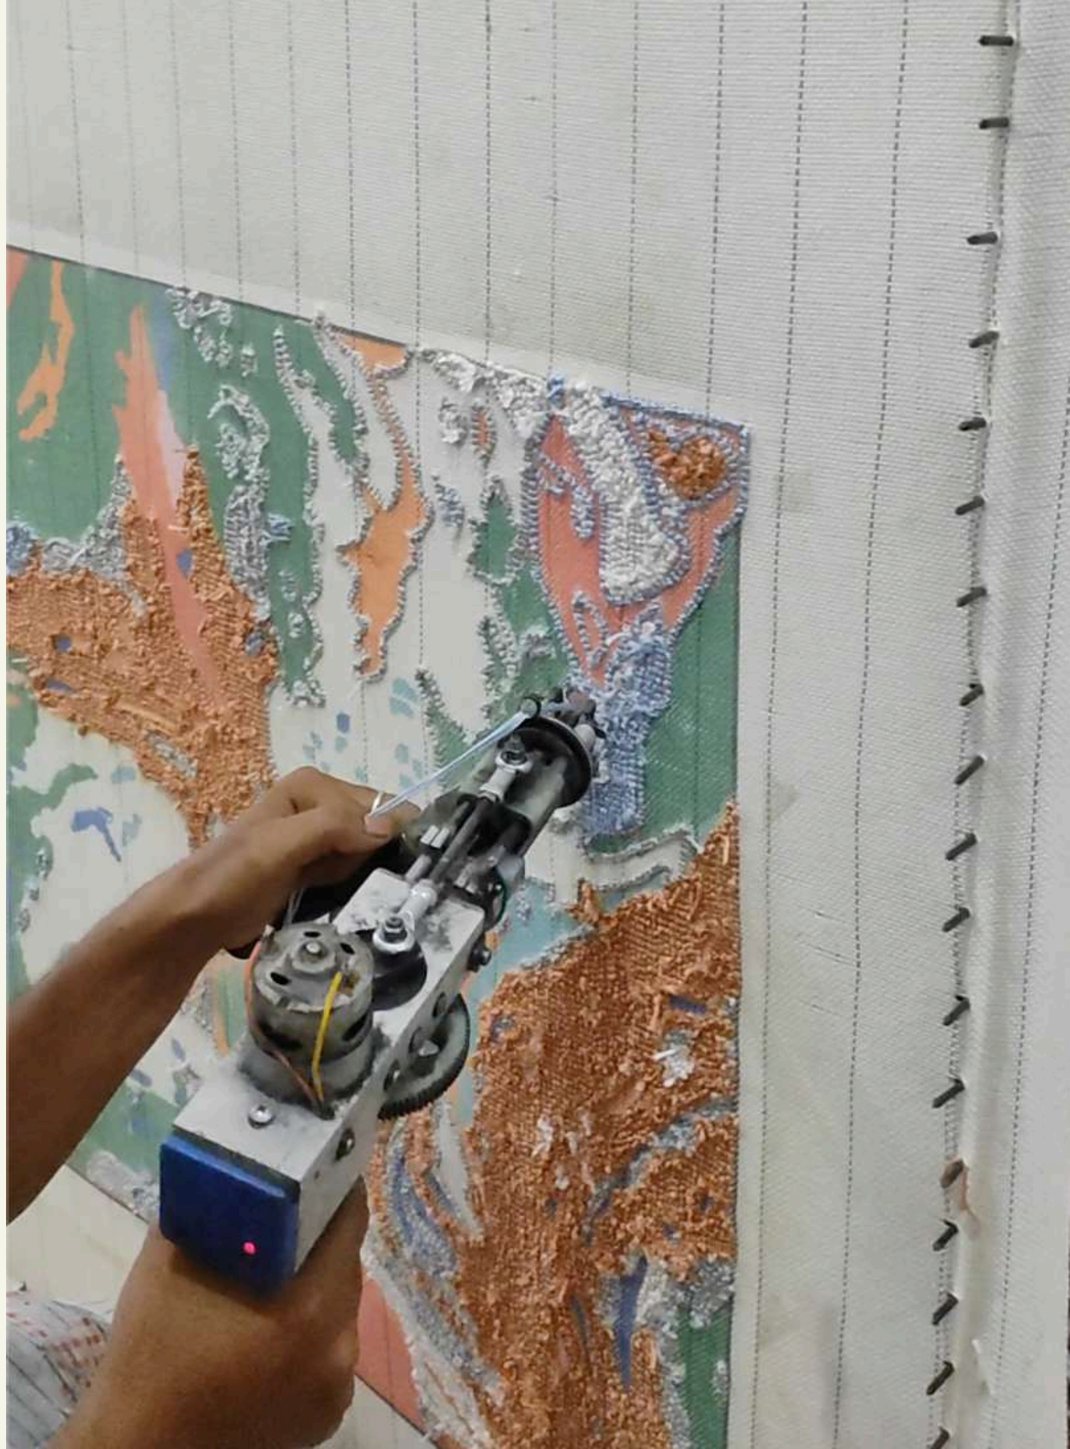
Your role: Protect, communicate, and amplify this DNA.



PRODUCT DEEP DIVE

An in depth Overview

DOTS Living specialises in two primary handcrafted rug-making techniques — Hand-Tufted and Handloom. Each method offers unique aesthetic and structural qualities that sales teams should understand deeply.



Hand-Tufted Rugs

Hand-tufted rugs are our signature — bold, expressive, and highly customisable.

How they're made: Artisans use a tufting gun to punch yarn into a stretched canvas, allowing for precise shapes, curves, and textures.

Why they're valuable:

- Highly adaptable for custom designs
- Allows intricate patterns, gradients, and sculpted textures
- Smooth, plush feel ideal for luxury spaces
- Faster to develop compared to knotted techniques

Best Use Cases: Hospitality suites, living rooms, lounges, retail spaces, boutique hotels, show apartments.

Sales Highlight: "If the client wants expressive design flexibility and rich texture, hand-tufted is the perfect medium."

Handloom Rugs

Handloom rugs are crafted on manual looms, producing refined, structured weaves with timeless appeal.

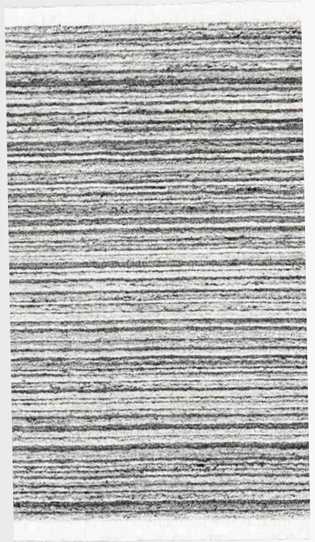
How they're made: Artisans interlace warp and weft yarns on a loom, creating flat, clean patterns and subtle textures.

Why they're valuable:

- Excellent for minimalist, modern, and Scandinavian-inspired interiors
- Durable and suitable for high-traffic spaces
- Offers a refined, understated aesthetic
- Perfect for layering and large-format rugs

Best Use Cases: Corporate offices, hotel corridors, luxury retail, contemporary homes, collaborative workspaces.

Sales Highlight: "If your client prefers clean, elegant simplicity with strong durability, handloom is the ideal choice."



OUR MATERIALS

Industrial Grade Yarns and their Blends

DOTS Living selects only the finest industry-proven yarns known for durability, comfort, and aesthetic richness.

Key Material Types:

- New Zealand Wool: Naturally soft, insulating, hypoallergenic; premium feel
- Botanical Silk and Viscose: Lustrous sheen, luxurious texture, vibrant color absorption
- High-Grade Polyester: Durable, stain-resistant, maintains shape
- Blends: Wool–viscose, wool–polyester, wool–Tencel, etc.

Why Our Blends Matter:

- Enhance performance in hospitality and corporate environments
- Maintain softness while increasing tensile strength
- Improve color retention and reduce fuzzing
- Balance cost without compromising luxury

Sales Highlight: “Our yarn blends are engineered to bring together the best qualities of natural luxury and modern performance.”

QUALITY & CRAFTSMANSHIP

At DOTS Living, each rug reflects a rich heritage of artistry, meticulously crafted by skilled artisans who embody tradition and passion in every weave.

We are committed to artisan handmade rugs and carpets.
We are devoted to creating environmentally friendly and responsible designs.

Traditional craftsmen and rural artisans form the essence of our brand. DOTS strength lies in its integrated collective of artisans, designers, stylists and architects.

LUXURY MARKET

The luxury rug market is on the rise, fueled by a growing demand for unique home decor. Key trends include:

- Increased consumer interest in artisanal products
- A shift towards sustainable and ethically sourced materials
- Expanding online retail channels for accessibility and convenience

ARTISTIC EXCELLENCE IN RUGS

Vibrant Geometric Design

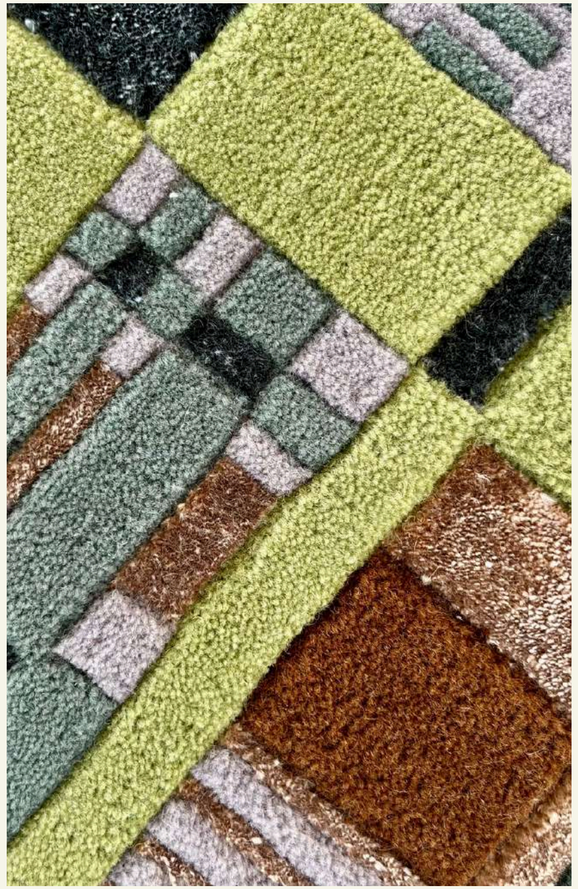
Bold patterns

Textured floral Motif

Artisan craftsmanship

Elegant Minimalist Style

Modern simplicity



CUSTOM & BESPOKE CAPABILITIES

Customization is one of DOTS Living's strongest value propositions.

What we offer:

- Custom sizing for any space
- Tailor-made color palettes
- Texture sculpting and carving in tufted rugs (The high-low pattern)
- Custom weaves and patterns in handloom rugs
- Custom yarn blends for specific performance needs

For Sales Teams:

- Always ask the client about moodboards, interior colors, footfall, lighting, and room usage.
- Position customisation as a collaborative design journey.

Sales Highlight: "If they can imagine it, we can weave it — and if they can't, we help them visualise it."

OUR CUSTOMERS

Whom you will sell to

A. Primary B2B Segments

- Hospitality: Hotels, boutique stays, luxury lounges
- Corporate: Offices, board rooms, creative studios
- Real Estate: Developers, show apartments, clubhouses
- Luxury Retail: Flagship stores, visual merchandising
- Interior Designers & Architects

B. What Each Segment Cares About

- Hospitality → durability, stain resistance, luxury feel
- Corporate → clean aesthetics, acoustic benefits, longevity
- Designers → customisation, textures, palettes, timelines
- Retail → visual storytelling, brand alignment

TARGET COLLABS

Interior Designers

Interior designers seek unique pieces that reflect their clients' tastes. DOTS Living meets this demand by offering rugs that serve as bold statements in any design scheme.

Boutique Retailers

Boutique retailers prioritize exclusive products that convey a story. Our rugs, rooted in craftsmanship and artistic expression, provide a perfect fit for discerning consumers seeking authenticity.

BRAND USP

What makes DOTS Living Unmistakbly Us

1. **Artful, Bold Design Philosophy**

At DOTS Living, we don't just make rugs — we create vibrant expressions of craftsmanship, heritage, and design innovation. Our pieces transform rooms into immersive, art-led environments.

"Floor Art, Not Floor Covering."

2. **Low Maintenance & Hypoallergenic Performance**

Our rugs are crafted using high-grade yarns and blends engineered for modern living:

1. Dirt-repellent surface properties
2. Hypoallergenic fibers ideal for sensitive environments
3. Easy upkeep even in high-footfall areas

"Made to Be Lived On — Stress-Free."

BRAND USP

What makes DOTS Living Unmistakbly Us

3. **Longevity Value — Built to Last**

With heirloom-quality craftsmanship, superior yarn integrity, and meticulous finishing, our rugs are built for long-term durability.

“Crafted for Today. Cherished for years to come.”

4. **Cost Benefit — Superior Quality at Better Pricing**

We work with export-grade NZ Wool and premium blends but offer them at significantly lower costs than competitors — without compromising quality.

“Luxury Quality. Smarter Pricing.”
